Flow of story Board

- 1) Users will login into BridgeWay using username or quick access with google or something similar
- 2) The user will then encounter the home Page which will contain all the quick access information
- 3) Then the user can check their calendar for upcoming events or interviews
- 4) Then the user can look up Jobs based on their tags and filters
- 5) The user can also visit Jobs that they saved for later or visit the "Company page" which is Bridge Ways quick apply interface with Jobs
